BuddyPress

All (10) | Active (9) | Inactive (1) | Must-Use (2) | Retired (1)

Component	Description
☒  Extended Profiles	Customize your community with fully editable profile fields that allow your users to describe themselves.
☒  Account Settings	Allow your users to modify their account and notification settings directly from within their profiles.
☒  Friend Connections	Let your users make connections so they can track the activity of others and focus on the people they care about the most.
☒  Private Messaging	Allow your users to talk to each other directly and in private. Not just limited to one-on-one discussions, messages can be sent between any number of members.
☒  Activity Streams	Global, personal, and group activity streams with threaded commenting, direct posting, favoriting, and @mentions, all with full RSS feed and email notification support.
☒  Notifications	Notify members of relevant activity with a toolbar bubble and/or via email, and allow them to customize their notification settings.
☒  User Groups	Groups allow your users to organize themselves into specific public, private or hidden sections with separate activity streams and member listings.
☐  Site Tracking	Record activity for new posts and comments from your site.
BuddyPress Core	It's what makes time travel BuddyPress possible!
Community Members	Everything in a BuddyPress community revolves around its members.
Component	Description

BuddyPress

Directories

Associate a WordPress Page with each BuddyPress component directory.
